

Lobo – ADOPTED!

ADOPTED

Lobo is a 3 year old neutered black and tan male Beauceron with cropped ears. Lobo is your typical young male Beauce boy, he is goofy and bouncy. Lobo was surrendered to rescue when another dog in the household began fighting with him. His family came to the difficult decision that living the crate and rotate lifestyle was NOT fair to Lobo. They do think he would get along just fine with an easygoing female. Lobo is reserved with strangers and needs time to warm up to people he doesn't know. He was shown briefly when he was young, but he much prefers the quiet, homebody lifestyle. Lobo has basic manners and training, and is housebroken and good in a crate.

He is being fostered in CA.

Lobo was adopted in November of 2018, he is enjoying life with his family in the pacific northwest.
