

Meet Desi!

Desi is a sweet year and a half old spayed female. She is a black and tan with natural ears and all her double dewes ☐ She is been thriving in her foster home. They say she is a wonderful, sweet dog who has basic manners, is housebroken, and a perfect lovebug. She is good in the car, good in her crate (but LOVES the radio on, she seems to prefer smooth Jazz)and is an excellent, but sloppy, kisser. Desi's foster family have been socializing her and bringing her out and about to dog friendly stores and local parks, she is shy with strangers, but shows no aggression. Desi is good with other dogs and livestock, but needs a home without cats. She is good with children. Desi is being fostered in Nebreska.
