Oshi Earns HTADs-1 and Goes HIT!

At the AHBA trial held by the San Pasqual Valley Herding Club, Océane and I trialed for our HTADs-1 title. We did two runs against six to seven competitors. First run was a Q and third

place due to losing a sheep at the start that I did not want to lose time trying to pick up. Our second run, Océane swept away the competition with a first place run losing only 1/2 a point and securing herself not only the new title of HTAD 1 but also High in Trial at the end of it all!! I am immensely proud of my bred-by bitch and the amount of talent she continues to show me on the herding field.
