The American Beauceron Club

proudly presents the

2017 ABC National Specialty

& 2017 Journée du Beauceron

on beautiful Cape Cod, Massachusetts

September 13th - September 17th

This year's National Specialty will be held as a concurrent specialty along with 4 days of all breed shows at the Cranberry Cluster at the Cape Cod Fairgrounds in beautiful E. Falmouth, MA. This offers us the National Specialty plus 4 Supported Entry days equaling 5 AKC shows in 4 days.

In addition, the ABC will also offer Puppy and Veteran Sweepstakes at the National Specialty and will support the Beauceron entry all four days of the cluster.

The cluster also offers four days of Obedience and Rally, two days of National Owner Handler Series, two days of special Puppy Group Competition, and new this year, Dock Diving.

The ABC will also be holding a **Journée du Beauceron**. We are very pleased to have two very distinguished judges from the French Beauceron club, Club des Amis du Beauceron (CAB). Mme Katerine Couteau will be judging morphology, and M Guy Bonnefoy will be judging temperament (see separate flyer for more information on the French judges). We will be offering judge's education and breeder seminars.

September is a wonderful time to visit beautiful Cape Cod, with their many dog friendly beaches, and of course, the abundance of fresh seafood at the local restaurants.

Watch for more information in the upcoming months.

But for now, save the dates!
