

# Journee 2002

It should be noted that the Test de Caractère is an optional portion of the Journée and not all dogs participated. Also, some dogs had already been Temperament Tested at previous Journées. Dogs must receive an Excellent for each portion in order to receive an Excellent overall. Some dogs may have higher scores but will only receive Très Bon overall due to this rule. For first place dogs earning the same score, it is the judge's discretion who the award is given to, usually the younger dog who has less experience. Other dogs in the list earning the same scores are not listed in any particular order.

## Results and TT
