Hi, I'm Wilbur the big puppy dog. I'm a ONE year old Beauceron. Sometimes people see me and think I'm sooo scary because of the way I look, but I'm such a happy and friendly guy. When Len, Nicole and Kyla (that's my foster dad, my foster sister and my sister from another mother) picked me up, I just jumped into the van and licked Nicole right on the face. I love to lick (faces, toes, fingers, ears...you get the picture). Wilbur is located in Ontario, Canada.

*What is a courtesy listing? Courtesy listings mean the dog does NOT belong to the American Beauceron Club Rescue, it means they are still with their owners or breeder, and not in danger. ABCR will put potential interested parties in contact with the dog's guardian. We do not help sell dogs or puppies. A reasonable rehoming fee usually applies (often the cost of vaccinations and

altering is considered a reasonable rehoming fee.) Because these dogs do not belong to the American Beauceron Club we often have limited information about them. Again, please contact us so we can connect you with the dog's current owner/breeder/guardian.
