## Iago

Iago is a 6 year old uncropped black and tan male Beauceron. He was surrendered when his owner simply didn't have the time to provide Iago with a happy life.

He is well mannered, a very good boy in the house, and is even good off leash for his foster mom. Iago is a very polite boy with people and other animals. He has lived happily with other dogs, including toy breeds. Iago was fostered in Colorado until his foster mom decided she couldn't imagine her life without him! He's been adopted and is living the good life biking with his pack.
