

Miss Missy is hoping for a new home

This girl is too cute for words, we can't understand why she keeps getting overlooked in our rescue program! I asked her foster mom how Missy was doing, here is what she said " Enjoys long, slow walks; visiting new parks, chasing bubbles and balls. Enjoys clicker training and learning new things. Not a fan of wrestling or rough play, would rather hang out. Ready to start her next big adventure with the right person or family." She is being fostered in South Carolina.
