

River Rim Beaucerons

I breed for type, temperament and health with none being more important than the other. I guarantee my dogs for a lifetime for all genetic or temperament problems or lifestyle changes. I strive for my dogs to be an asset to the breed never to burden the Beauceron breed and community with my dogs but, support and build our community.

I first interacted with a Beauceron when I was working my family kennel. 2 came in for boarding and I fell in love. By the time I was 12 years old, I had started discussing pedigrees.
